

Accessibility Statement

Our Commitment to Accessibility

At Totalmobile, we're passionate about improving the work and lives of all field workers. We believe accessibility is essential to ensure everyone, including people with disabilities, can fully benefit from the tools we build. It's a key part of our mission to support the frontline workforce with technology that's intuitive, efficient, and designed with inclusivity at its heart. We are working to remove barriers and work towards conformance with the Web Content Accessibility Guidelines (WCAG) 2.2 AA across our Field First platform. We hope to achieve conformance by the **31st of December 2026**.

What We're Doing

- ✓ Undergoing manual audits against WCAG 2.2 AA standards across the Field First platform.
- ✓ Making updates and improvements based on user feedback.
- ✓ Embedding accessibility into our component library to support making new products accessible from the start.

Contact Us

If you're having trouble accessing any part of our software, or if you have feedback on how we can improve your online experience, please email us at accessibility@totalmobile.co.uk.

We're here to help and are committed to providing an inclusive experience for all.
